POSTOFFICE IS CLOSED

The Life of Negro Woman in Charge
Was in Jeopardy.

BEFORE THE CABINET

The Party and Her Husband Worth
Ten Thousand Dollars and Her
Bondsmen Are Among the
Leading Democrats.

Washington, Jan. 3.—Following a
decision of the cabinet at its meeting
to close the postoffice at Indianola,
Miss., on account of the resignation un-
der compulsion of the postmaster, Mrs.
Minnie Cox, a colored woman, until
the people of the Indianola district are
ready to accept her as their postmaster.
It was decided to issue a formal state-
ment concerning the case. During the
cabinet meeting Postmaster General
Payne stated he was satisfied Mrs. Cox
was obliged to resign under duress
and that her life was endangered. The
statement, which was issued by Secre-
tary Cortelyou at the instance of the
president after an hour's conference
with Postmaster General Payne, is as
follows:

The postmaster at Indianola, Miss.,
is Mrs. Minnie W. Cox, a colored
woman. She served three years as
postmaster under President Harrison.
When President McKinley came in she
was again appointed in 1897, nearly
six years ago. Her character as stand-
ing in the community are endorsed by
the best and most reputable people
in the town.

Among those on her bond is the
present Democratic state senator from
the district, together with the leading
banker of Indianola and an ex-state
senator from the district, also a Dem-
ocrat. The postmaster and her hus-
band own from \$10,000 to \$15,000
worth of property in Sunflower coun-
ty. The reports of postoffice inspec-
tors who have investigated the office
from time to time show that she has
given the utmost satisfaction to all the
patrons of the office; that she is at all
times courteous, faithful and honest in
the discharge of her duties. Her moral
standing in the community is of the
highest. Her reputation is of the best.
Few offices of this grade in any state
are conducted better.

The postmaster recently forwarded
her resignation to take effect on Jan.
1, but the report of inspectors and in-
formation received from various reput-
able white citizens of the town and
neighborhood show that the resigna-
tion was forced by a brutal and law-
less element purely upon the ground
of her color and was obtained under
threats. The mayor of the town and
the sheriff of the county both
told the postoffice inspector that if she
refused to resign they could not be
answerable for her safety, although at
the same time not one word was said
against her. On Jan. 1 the bondsmen
of the postmaster telegraphed that the
postoffice was closed; that the post-
master claimed that her resignation
was in the president's hands and to
take effect Jan. 1, and that there had
been no advice of the appointment of
her successor. The telegram closed
with the statement: "Prompt action
by the president necessary for the re-
lief of the business interests, which are
being injured sorely by the action of
the lawless element of the town, is
wholly secondary to the preservation
of law and order and the assertion of
the fundamental principle that this
government will not connive or toler-
ate wrong and outrage of such flagrant
character."

By direction of the president the
following was sent to the bondsmen:
"The postmaster's resignation has been
received but not accepted. In view of
the fact that the postoffice at Indian-
ola is closed all mail for that place
will be forwarded to Greenville. The
case will be referred to the attorney
general."

FINANCIAL STATEMENT.

What the Government Received and Paid
Out the Past Year.

Washington, Jan. 3.—The total gov-
ernment receipts for December, 1902,
were \$47,151,299, and the expenditures
\$36,533,744, leaving a surplus of \$10,
618,000 for the month. Receipts for
the month are about \$100,000 in ex-
cess of those for December, 1901, and
the expenditures \$785,000 less than
for that month.

For the first half of the present fis-
cal year a surplus is shown of \$24,
734,000 against a surplus of \$42,
621,897 for the corresponding period
last year.

Although the receipts from the in-
ternal revenue are less than for De-
cember, 1901, the amount of the de-
crease is surprisingly small and it is
noteworthy that in some of the large
revenue districts the total collections
are greater than they were before
the war tax was removed on July 1,
1902.

The Public Debt.

Washington, Jan. 3.—At the close of
the business Dec. 31, 1902, the public

debt, less cash in the treasury, amount-
ed to \$947,164,673, which is a decrease
for the month of \$10,932,602, which is
largely accounted for by an increase
of nearly \$10,000,000 in the amount of
cash on hand.

Estate of Hutchinson Appraised.

New Orleans, Jan. 3.—The apprais-
ment of the estate of A. C. Hutchin-
son, late president of Morgan's Louisi-
ana and Texas railroad, shows its
value to be \$991,160.87. The bulk of
this property will go to the medical
department of Tulane university.

VOLCANOES VIOLENT.

They Shoot Forth Smoke and Lava and
Scenes at Night Brilliant.
Corinto, Nicaragua, June 3.—The
volcano Santiago, about eight miles
from Granada, is shooting out fire, and
at night it illuminates the heavens for
many miles around.

Monotumbo, near the sea coast, is
belching forth smoke.
Isalco, in Salvador, shoots forth
smoke and lava every half hour, and at
night form a brilliant spectacle as its
molten lava runs down mountain
sides a stream of fire. The inhabitants
of Guatemala City fear the volcano at
Tilhu will break out at any time. The
seacoast and ocean are strewn with
stone and pumice.

Five in Eruption.

New York, Jan. 3.—Reports received
from the province of Llanquihue, says
a Valparaiso correspondent of the
Herald, announce five volcanoes in ac-
tive eruption there, though no damage
has yet been reported.

MANY MESSAGES.

New Cable Line Kept Busy Ever Since
It Has Been Opened.

San Francisco, Jan. 3.—The new
Hawaii cable has been crowded with
messages ever since the first flutter
came through the wire from Honolulu
shortly after 11 o'clock, New Year's
night. Three different operators took
turns at the San Francisco instrument
for nineteen consecutive hours yester-
day. When the cable was given over
to the contractors Friday night to test
its qualities and the instruments for
four hours no less than 9000 words
had passed between San Francisco
and Honolulu. Every syllable so far sent
through the cable has been without
error. About 500 congratulatory mes-
sages went through, averaging ten
words to the message. At the regular
rate of fifty cents a word, it would
have meant \$2500 for the company.
The charges will be 50 cents a word
for private persons and 20 cents for
press messages.

IS IMPROVING.

Cornelius Vanderbilt Is Fast Recovering
From Attack of Typhoid Fever.

New York, Jan. 3.—Cornelius Van-
derbilt is so far on the road to recovery
from his recent attack of typhoid
fever that he is making plans for a
cruise in foreign waters next month.

CORNELIUS VANDERBILT.

He is arranging to cross the ocean in
February with Mrs. Vanderbilt. They
will meet their yacht, then a long
cruise will be taken on the Mediter-
ranean sea. Dr. Flint announces that
Mr. Vanderbilt's temperature has been
normal for several days, and he is en-
tirely out of danger.

LIBERALS WON.

Exciting Contest for a Seat in British
House of Commons.

London, Jan. 3.—The election at
New Market to fill the vacancy in the
house of commons caused by the death
of Harry Macdonald resulted in a
Liberal gain.

Polling were as follows: C. D. Rose,
Liberal, 4414; L. Brassey, Conserva-
tive, 3907.

As Conservatives at the previous
election had a majority of upward of
1000, Mr. Rose's victory is notable.
The contest was fought with remark-
able vigor. Horse owners, trainers and
jockeys joined with politicians in can-
vassing the constituency and motor
cars were so numerous requisitioned
in working divisions that the local
supply of oil temporarily gave out.

El Paso, Tex., Jan. 3.—News of a
bold plan to hold up the Southern Pa-

tempt would be made, and at once took
measures to prevent it. The scene of
the proposed robbery was at Strauss,

BRYAN, TEXAS, JAN. 4, 1903

FARMERS' INSTITUTE DATES.

Will be Held Thursday and Friday, Jan. 15 and 16—Letter from Prof. Connell About the Work.

The following letter has been handed to the Eagle for publication by Mr. Webb Howell, secretary of the Brazos County Farmers' Institute. It will be read with great interest by those interested in the work. The dates fixed for holding the institute are Thursday and Friday, Jan. 15 and 16, and as will be seen from Prof. Connell's letter there will be no lack of able and experienced instructors on the various subjects selected for discussion. The Eagle hopes the institute will be the largest meeting of farmers ever gathered together in the county, and that the business men will also attend:

Dallas, Texas, Dec. 31, 1902.
Mr. J. Webb Howell,

Bryan, Texas.

Dear Sir.—Your valued favor of the 29th at hand and I am pleased to say that the dates selected will be filled by our Institute workers and a program will be sent you in the very near future covering the discussion of corn, cotton, stock feeding, hog raising, stock farming, poultry, and fruit for market. In doing this it will be necessary to invite some six or eight people to get up the program, but these can be readily secured, I feel assured. I hope to bring with me for this institute work Mr. H. E. Singleton of McKinney, who will discuss hog raising and feeding. Mr. E. W. Kirkpatrick who will take up one branch of fruit raising and Mr. R. F. Butler of Waxahachie, known to Farm and Ranch readers as "Uncle Snort," for an interesting and instructive talk on poultry. I have a letter from Prof. Gibbs of College Station saying that he will assist us in the Institute work by discussing the subject of corn culture, and another from Prof. Sanderson promising to discuss the boll weevil in connection with the cotton crop. I have asked Mr. J. W. Carson to assist us with the general subject of stock raising, and I hope to say something upon the subject of for-

age plants for Brazos county and the most economical method of feeding the same.

Trusting that your temporary organization will result in enlisting the interest of a large number of practical farmers in Brazos county and assuring you that it will give me great pleasure to meet with you and many other friends that I hope to see in the near future, I am,

Very Truly Yours,

J. H. Connell,

Pres. Texas Farmers' Insts.

The special election for mayor of the city of Waco has narrowed down to a red hot race between J. W. Riggins, who was impeached, and City Attorney Allen D. Sanford, who was prosecutor in the case. Both men are sufficiently well known in Bryan to make the contest of local interest, and there is little doubt it will be a fight to a finish.

Gov. Mickey of Nebraska will have no inaugural ball. His name suggests a "wake."

On next Monday night Aiden Benedict, the well known producer of popular and realistic plays will present Chas. W. Chase's dramatization of Marie Corelli's novel "Thelma." "Thelma," says an advance notice, is in four acts, and includes all the principal and interesting scenes of the novel. The Alten Fjord, the death of the Viking on the burning ship, the Aurora Borealis and the snow storm, may be named amongst its chief scenic adornments. The company is an excellent one and includes many well known people. At opera house, Monday night, Jan. 5.

An advance notice says: Be sure and arrange your appointments so that you can attend the performance of the funniest of farces, "A Wise Member," at the opera house on Wednesday, January 7. The play abounds with many extremely funny situations, and no company with less ability than that possessed by this one could hope to sustain them with any degree of success. Some of the climaxes are excessively funny and must be most ably presented to convey a good idea of the possibilities in them. The company headed by C. B. Marvin consists of players of unquestioned ability, and lovers of comedy will find nothing wanting that will contribute to an excellent performance of one of the cleanest, funniest comedies ever written.

HUNTER & ...CHATHAM.

Hated and despised by his fellow countrymen, Vincento Mazarro Rivera is in an incredible predicament in Porto Rico. He is hounded so that it is difficult for him to get food to keep him from starvation.

Five months ago Rivera, serving a fourteen year sentence in San Juan jail, yielded to the promise of Governor Hunt of Porto Rico and obtained a pardon by executing nine murderers who had been condemned to death.

Since then Rivera has been free, but it has been the freedom of starvation. He has been acquitted by the law and condemned by his fellow men.

No words can describe the abhorrence which Porto Ricans feel for a public executioner. On both humane and superstitious grounds they are averse to inflicting the death penalty. No native carpenter will build a scaffold or platform on which the victims are to be placed. No merchant will sell lumber or nails for such a purpose. No mechanic will repair a garroting machine. Had it not been for the active supervision of Marshal Bothwell of the supreme court the executions at which Rivera officiated could not have taken place.

This intense aversion to garroting and to the man who performs it is not justified by any peculiar brutality in the act itself. Captain Griffith of the United States army expressed it as his opinion after seeing Rivera put the last four prisoners to death that the process was even quicker and less painful than hanging.

According to the old Spanish custom in Porto Rico, the doomed man is placed in a chair, with hands tied to his sides, feet fastened below and the black cap over his head. The deadly clutch of the garroting machine's iron fingers is then arranged at his neck, so that with one swift, powerful turn of the handle the victim's neck is broken.

The body is sometimes seen to puff slightly, the hands twitch, and without a groan the life is reft from the body. As far as the consciousness of the victim is concerned death is painless and instantaneous.

The bodies, with the heads exposed and still tied to the posts, are then left open to view for four hours, according to a long established custom, when they are taken down and buried in the jail yard.

NEUTRALITY VIOLATED

Captain Terrell of a Red D Line Steamer Thus Charged.

ARRANGEMENT MADE

It Is Alleged That by an Agreed Signal the Blockading Force Was Acquainted With Location of the Mirania.

New York, Jan. 3.—The Herald says that under charges based on violation of neutrality laws, and with alleged responsibility of having given information to blockading force which led to the capture of the Venezuelan gunboat Miranda at Maracaibo on Dec. 20, Captain Terrell of the steamship Zulia, Red D line, has been suspended from duty.

It is alleged Captain Terrell arranged with officers of the German warship blockading Maracaibo that if when passing out of the harbor during the day time the Zulia dipped her ensign twice it was understood that this would be the signal to warships blockading the port that the Venezuelan gunboat was inside. Should the Zulia pass out after sundown it was agreed the stern light was to be dipped twice. The Zulia remained at Maracaibo from Dec. 17 until Dec. 20, when she steamed out, reaching the blockade line shortly after sundown. The German gunboat Panther was about abreast the Zulia when Captain Terrell, it is alleged, called his second officer and instructed him to lower the stern light twice.

Captain Terrell declares the assertion is false.

DOOMED TO DIE.

Topsy, the Noted Elephant, Cannot Be Controlled and Will Hang.

New York, Jan. 3.—Topsy, the pet of thousands of children, when, as a famous baby elephant, she first toured this country with Adam Forpaugh's circus, twenty years ago, is to be hanged at Luna Park, Coney Island. The former pet has become a man killer and her owners have decided that she must be destroyed. Topsy has killed four men since she went "muhst" a few years ago. John Whiting, the only man who can control Topsy, left the employ of her owners recently and no one can be found who will undertake to care for her. A noose of two inch manila rope will be employed to kill her.

TIMBER LAND SALE.

Eleven Hundred Square Miles Pass Into Hands of a Boston Syndicate.

New York, Jan. 3.—Over 1100 square miles of the finest timber lands in Newfoundland, running along both banks of the Exploits river, have just passed into the hands of a Boston syndicate at the price of \$250,000, says a Halifax dispatch. On the property are several valuable water powers suitable for the operation of pulp and paper mills.

Increased Copper Production.

New York, Jan. 3.—According to a report compiled by the metal exchange there has been an increase in the production of copper for the year just closed. Figures for 1902 are 293,830 tons, compared with 266,716 tons in 1901. Adding the net importations of foreign copper, the total is 368,757 tons as compared with 328,002 in 1901. Exports, however, has been nearly doubled.

Took All Venezuelan Vessels.

Porto Cabello, Venezuela, Jan. 3.—The blockading warships took all Venezuelan vessels from the inner harbor Friday morning. They landed their forces on the wharf boat. There were no firing, and the occupation of the place is temporary. The incident caused great excitement among the population.

Situation More Serious.

Madrid, Jan. 3.—Telegrams from Tangier says that the situation is more serious. The postoffice refuses to be responsible for registered letters. One dispatch says the 10,000 Jews at Fez are inclined to support the pretender owing to the cruelty and injustice the sultan is alleged to have exercised toward them.

Looking After Texas Tobacco Lands.

New Orleans, Jan. 3.—C. N. Coffee of the United States department of agriculture says that two soil survey parties have just begun operations in tobacco lands of Texas in furtherance of the joint plan of the government and the Southern Pacific to develop Texas tobacco country, where it is said Havana grades can be given.

MISS ROSE OWENS,

No. 720 Seventeenth St.,

WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

Miss Rose Owens.

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given her by the Ladies' Advisory Department. Miss Owens was cured without advice by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking this great medicine in the privacy of her home. No doctor's examination, treatment or advice is necessary. You have read what these two cured women have written. Is this not enough to lead you to determine to be rid of suffering?

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

August 13, 1900, Mrs. W. H. Jones, of Cameron, Mo., writes: "I suffered terribly at monthly periods for three years. I would sometimes go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.
